01 | INTRODUCTION TO PNLG

PNLG简介

The PEMSEA Network of Local Governments for Sustainable Coastal Development (PNLG) was officially founded in 2006. Initiated by the Partnerships in Environmental Management for the Seas of East Asia (PEMSEA), the PNLG aims to promote information exchange and experience sharing on Integrated Coastal Management (ICM) among local governments and relevant institutions in the East Asian Seas region. The PNLG enhances the ICM capacities of its members by organizing annual forums, workshops and other relevant activities.

The PNLG Secretariat is based in Xiamen and managed by its Secretary-General. As the first international marine organization secretariat based in Xiamen, it fully demonstrates the city's achievements in ICM.

As of 2026, PNLG has 55 regular members and 5 associate members, covering 10 countries in the East Asian Seas region. With the expansion of membership, the concept of ICM has been recognized by more and more local governments and international organizations.

东亚海岸带可持续发展地方政府网络（PNLG）成立于2006年，由东亚海环境管理伙伴关系组织（PEMSEA）发起，旨在促进东亚海区域地方政府和相关机构在海岸带综合管理方面的信息交流和经验分享。PNLG通过举办年会、研讨会，并组织成员参加其他相关活动，全面提升各成员的海岸带综合管理能力。

PNLG秘书处设在厦门，由秘书长管理。该秘书处是设在厦门的首个国际性海洋组织秘书处，充分体现了厦门在海岸带综合管理方面做出的成就。

截至2026年，PNLG共有正式成员55个、协作成员5个，覆盖东亚海区域10个国家。随着成员数量的增多，海岸带综合管理理念被越来越多的地方政府和国际组织所认可。

Introduction to the Partnerships in Environmental Management for the Seas of East Asia (PEMSEA)

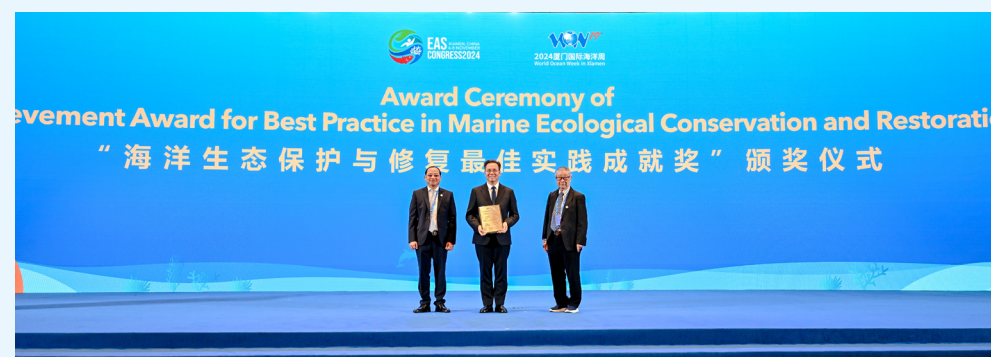

PEMSEA 东亚海环境管理伙伴关系组织 (PEMSEA) 简介

Partnerships in Environmental Management for the Seas of East Asia (PEMSEA) is a partnership arrangement involving various stakeholders of the Seas of East Asia. It is also a regional coordinating mechanism for the implementation of the Sustainable Development Strategy for the Seas of East Asia (SDS-SEA), with 11 country partners from Cambodia, China, DPR Korea, Indonesia, Japan, Lao PDR, Philippines, RO Korea, Singapore, Timor-Leste, and Viet Nam, and 22 non-country partners.

In November 2009, the PNLG officially became a non-country partner of the EAS Partnership Council. Since then, PNLG has gained a voice in an intergovernmental, multisectoral, regional body that is committed to scaling up ICM across the region and promoting the implementation of SDS-SEA.
